

Stages of Mentoring

Honeymoon: Everything is great – having fun on surface. No nerves.

Growth Stage: See more emotion. Mentee is more out spoken OR more reserved.

Maturity: Mentee can talk more open and honestly. Mentee SEEKS YOU for support. Mentee can show appropriate emotion. More open to new ideas.

Closure: Time to reflect on the positives. Say good-bye or see you around.

HONEY MOON & GROWTH STAGE:

Consider your Mentee's Growth Ability

Maslow's Hierarchy Of Needs

How can you help your mentee meet their needs and establish protective factors?
